# CorEMR Start-Up at Mercer County, PA

January 01, 2011 – Mercer, PA

PrimeCare Medical, Inc., based out of Harrisburg, Pennsylvania, has successfully implemented CorEMR, a fully customized, comprehensive electronic medical record system, at the Mercer County Jail in Mercer, Pennsylvania. This installation is the twenty-fifth (25<sup>th</sup>) site for PrimeCare Medical, Inc. to provide this electronic medical record system. Currently, PrimeCare Medical, Inc. is servicing over 15,000 inmates/patients on its EMR system with several more sites scheduled for installation in 2011. PrimeCare Medical, Inc. believes this system will increase efficiencies in the provision of medical services while improving the quality of inmate/patient health care.
